Problem Solving

### PROFILE SUMMERY

As a fresh and passionate web developer. I bring a strong foundation in HTML, CSS, and JavaScript, with a keen interest in Angular. Eager to contribute to innovative web projects and continually expand my skill set to create dynamic and user-friendly websites.

---

### PROJECT

E-Commerce Website 28/04/2024

Product Listings: Create a page to display various products with details such as name, price, and images.

Product Details: Implement a page where users can click on a product to view more details, including product descriptions, images, and pricing.

Shopping Cart: Develop a shopping cart where users can add and remove items, view their cart, and see the total price.

Search and Filters: Implement search functionality and filtering options to help users find products more easily.
